About US

Project and Research Consult (PRC) is a Ghana-registered development consultancy under The Registration of Business Names Act, 1962 (No. 151), with registration number BN291752020. With headquarters in Accra, Ghana and operational reach across West Africa, PRC delivers end-to-end project implementation, monitoring & evaluation, research, and capacity building services to development agencies, NGOs, private corporations, academic institutions, and governments. Our approach combines local insight, global standards, and deep community engagement, supported by digital innovations and evidence-based strategies to create measurable, sustainable impact.

"Impact isn't accidental; it's the result of integrity, confidentiality, and a deep commitment to excellence. At PRC, we channel our diverse experience into high-impact solutions that serve people, protect trust, and deliver lasting change."

Justice Philip Kaati
Co-Founder & Managing Partner

"The achievements we truly celebrate are those that plant seeds of light and joy in the hearts of the less privileged."

Why Partner **with PRC?**

"At PRC, partnership means more than collaboration; it means co-creating solutions that work in the real world."

We drive transformative change by combining evidence-based insights with community-centered solutions — and that's where PRC thrives.

At Project and Research Consult (PRC), we bring together:

- Local insight grounded in West African realities
- Global standards in project design, research, and evaluation
- A people-first approach to sustainable development

Whether your focus is on climate change, gender equity, or livelihood improvement, PRC is your field-proven partner driven by data, powered by people, and committed to impact.

What Makes PRC the Right Choice?

- **Proven Leadership with Pan-African Reach**

Led by Justice Philip Kaati and Grace Ntekimi, with over 30 years of combined experience across Ghana, Nigeria, Togo, Benin, and Côte d'Ivoire, PRC leaders have successfully delivered work in more than 300 communities.

- **Integrated Services, One Partner**

From project design and MEL to GIS mapping, community mobilization, and training, we offer full-cycle support so you don't have to manage multiple vendors.

- **Trusted by Global and Local Institutions**

Our track record includes results for UNICEF-Bersama, Envirofit Ghana, and others spanning clean energy, sustainable agriculture, child protection, and climate adaptation.

- **Achieved by Our Leaders Outside the Firm**

300,000+ farmers digitized
200,000+ hectares mapped
50,000+ rural women empowered
75+ community/business plans delivered
1,500+ field agents trained

These numbers reflect real-world outcomes: improved livelihoods, strengthened systems, and measurable development progress.

- **Tech-Enabled, People-Focused**

We leverage digital tools like KoboToolbox, ODK, Survey CTO, QGIS, Mergdata, and GIS mapping to ensure precision, transparency, and accountability, always centering the voices of the communities we serve

Want to take your project from vision to verifiable results?

Partner with PRC — where insight meets action.

"Sustainable development isn't about quick wins. It's about listening, evolving, and staying committed long after the spotlight fades."
